E-Mail the Enemy Does Not Want YOU to Read!

PREFACE: Dear Christian Students,

E-mail is truly an amazing and funny thing. For example, somehow I “accidentally” received this e-mail memo from . . . HELL! It is from a high-ranking general in Satan’s evil army—a demonic warrior named Ichabod—and is written to the demons who have been strategically assigned to Christian students like YOU! I’m not sure how this message ended up on my computer—except for the fact that maybe one of God’s angels intercepted it and somehow sent it my way so I could share it with you in this Bible study booklet! I wouldn’t be surprised if I start getting these e-mail memos on a regular basis! If I do, you can count on the fact that I will inform you of the enemy’s tactics—so that you will not be ignorant of his plans to make you spiritually ineffective (II Corinthians 11:3). When you are finished reading, please share it with EVERY student and youth worker you know—so they, too, will be on guard against the attacks of the evil one (Ephesians 6:10).

Your partner in Christ for your generation,

Bill Allison

RE: Our Greatest Threat: Christian Students

My demons of deception, another school year is upon us! In years past, we were often able to undo any work the Enemy did in Christian students over the summer simply by returning them to school—where we could, through certain teachers and students, slowly put out their Holy Spirit fire! Thus, we used to look forward to the start of another school year! Where else could you see a Christian student who left a camp determined to become a missionary or a youth pastor chicken out totally to the point where NO ONE IN THE ENTIRE SCHOOL knew he/she was a Christian! HA! The beginning of school used to mean that those students who made promises to God to leave the partying life got back into the same partying activities they promised to leave! I LOVE IT! The same Christian students who, over the summer promised to save sexual activity for marriage, were once again tempted—and often lured into the very same sins they renounced a month or two earlier! The Christian students who diligently read their Bibles and walked with God would, once school started, get so busy with school that they would forget all about spending time with God! YES! That was what the beginning of school used to mean to us. However, that has all changed now!

New School Year = New Trouble...for us!

One reason I am dreading this school year—mostly for you—is because the Christian students you are in charge of intimidating, frustrating, discouraging and deceiving are starting to march into our schools like soldiers of Jesus Christ (I hate to even say his name!). These students used to fear taking a public stand for their faith in... You-Know-Who. NOT NOW! They not only live the Christian life, they actually TELL other students we own about how they can become Christians too! NOOOOOOOOOO!!!!!!! Even worse some of these radicals openly identify with our Enemy on their school campuses by starting on-campus Bible studies, challenging our teachers of evolution and carrying their Bibles!

The problem: See You at the Pole

All this to say, you need to start preparing for the damage that will be inflicted upon us and our devilish cause through the ministry momentum of the See You at the Pole movement. Because See You at the Pole is about mobilizing Christian students, we must not underestimate how our heavenly Enemy is strategically using this for

Account Ichabod Ebenezer Beelzebub <liar@hell.com>

His glory! On that day MILLIONS of Christian students will publicly identify with our Enemy by meeting at the flagpole of their schools to worship and pray together before school starts! This student movement of prayer and worship (can you think of anything else that makes your demonic heart tremble in utter fear?) continues to grow every year and must be stopped!

Intimidation: The key to stopping Christian students and SYATP!

How can you successfully stop Christian students from taking a stand for God on their school campuses across North America? Intimidate them!

1. Intimidate them through the fear of public ridicule. Find some of our more vociferous students and have them heckle and harass these pathetic saints of God!
2. Intimidate them through the school administrators. Use lies and threats! Have the adults who are a part of the school system lie to students by telling them they cannot meet at the flagpole to pray! Have them lie to the Christian students by threatening them with falsities and legalities. Of course, all of this is false—but the Christian students don't need to know this!

If all else fails...

If intimidation does not stop these See-You-at-the-Pole radicals, then try to get them to sleep in on the morning of See You At The Pole. Mess up their alarm clocks! Seek to cause car trouble... or bus trouble, as the case may be. Stop the students by stopping the parents—if at all possible! **Do whatever you can to stop any and every Christian student from participating in See You at the Pole this year!** We are currently working with the weather department to see what we can stir up, but I would not count on any help from them. We all know who ultimately controls the weather... don't we.

The school year is on the line!

Yes, school is starting again. If we can hinder the explosive growth and impact of the worship and prayers of See You at the Pole, we just might be able to use this school year to our evil advantage. If we get run over again this year, we will be lucky to cool these crazy Christian students down by March of this school year—and by then—many of them have had their spiritual batteries charged by their church's youth ministry or winter retreats! The thought of the damage these Christian students could inflict on us by taking a public stand for our Enemy is absolutely alarming. You have your work cut out for you—now go to it!

Don't just sit there—do something about it!

1. If you could see God do something totally awesome through See You at the Pole this year—what—in your wildest spiritual dreams—would you like to see Him do in and through you? Be specific...and wildly imaginative!

2. Now read Ephesians 3:20-21.

What does this verse say about how awesome God can work in and through you if you dare to let him?

Why does God love to do more than we can think or imagine? (See Ephesians 3:21)

3. What are some SPECIFIC ways the enemy may try to keep YOU from participating in worship and prayer at See You at the Pole this year? How can you make sure the enemy does not win in your life?

4. Think of the Christian students you know who go to your school. (They don't have to necessarily go to your church youth ministry.) Start talking with them about See You at the Pole NOW—and do your best to get as many students there as you possibly can! Visit www.syatp.org and make a game plan.

5. Read Romans 1:16. Are you ashamed to publicly identify with Jesus Christ through See You at the Pole? Why or why not?

6. Read Acts 4:18-20. What was Peter and John's response when they were told not to publicly identify with Jesus Christ?

7. Go to www.syatp.org and read through the Pre-Pole Checklist. Print it out and share it with other students! Pass this on to your youth workers!
